ADD A TRASH THE DRESS SESSION - \$350

Also known as Fearless Bridal or Rock the Frock, it's a style of wedding photography that contrasts elegant clothing with an environment in which it is out of place. Usually takes place on a beach, city streets, rooftops, abandoned building, fields..... anywhere that is an extreme contrast to the formal wedding clothes. So you're not necessarily "trashing the dress".....of course, if you really want to, it can be done!

- 2 hours of shooting time any day after the wedding
- Creative outdoor location shoot focusing on the bride & groom
- Minimum of 30 lightly-edited digital images, high resolution (for personal printing for family & friends)
- On-line gallery to share with family & friends (up to 1 month after the wedding)
